

Nez-Lizer Navajo Thaw Implementation Plan

ESTABLISHING STEERING COMMITTEES

A very important aspect of developing Economic Development Strategic Plans is the establishment of Steering Committees. These Steering Committees typically have between 8-30 members. These are people that care about the Chapter, have knowledge about the needs and possible projects, and are willing to give of their time.

Steering Committee members might include:

- Chapter Officials
- Chapter Managers or Chapter Coordinators
- CLUP Committee Members
- Arts and crafts business owners
- Chapter spiritual leaders
- Chapter staff
- Youth and youth leaders
- People knowledgeable about Chapter history
- People knowledgeable about local infrastructure
- Healthcare and other professionals
- Educators
- Business persons
- Veterans
- Other local opinion leaders
