Dear Ms. Callie:

We are pleased to support the efforts of the Cameron Chapter and the Cameron Community Land Use Planning Committee to apply for federal funding through the Rural Placemaking Innovation Challenge Program in order to conduct planning activities leading to creating a quality place where people want to live, work and play.

Adventurous Antelope Canyon Tours, and our parent company, Blackstreak Holdings, are fully committed to Cameron and all of the Navajo Nation as we work to create jobs, develop the tourism industry, and showcase our amazing nation.

This letter is to inform you that we have committed \$40,000 of our cash reserves to become immediately available for the implementation of this project throughout the two-year project period. These funds are immediately available and will serve as matching funds to the \$250,000 overall project. We also understand that these funds may be made available for the Innovation Implementation Challenge.

We understand that the applicant organization will be Tolani Lake Enterprises. We understand that the name of the project is Envision Cameron: Overcoming Adversity to Create a Great Place (Envision Cameron).

If you have any questions about the nature of our cash match, please feel free to call me at (928) 614-9712 or email me at ljbighthumb@gmail.com.

Sincerely,

Lionel Bighthumb, Chief Operating Officer
Adventurous Antelope Canyon Tours
