Aletha Johnson reports that we have a new grant manager and they would like to meet with us at the next meeting. Also there are some past due invoices that need to be submitted so they can be processed.

3. Current Urgant Topics

March 28th meeting report and Video Playback update. Kelsey noted that the reach of the video is at 134 people and 54 engagements, but the only person to leave comments is Mae Franklin. Her Comments was to have the Cameron Trading Post not included into the planning maps because they are on private land and don't normally participate in community development. It was also mentioned that it would have been nice to have Mae at the meeting to hear what if any feedback she got from the community.

Kelsey and Aletha mentioned that it would be nice to get feedback from Chapter President Charlies Smith. Alehta also stated that due to the lack of Cameron Community input if the Cameron Community members in Envision Cameron could give their input on the maps to help Swaback get to the end of the project.
